

MASTERCLASS - 9

PROMPT KIT

AI NAVIGATOR

PART 2

By MissAlpha™ AI Labs

Learn | Build | Grow

FROM AI USER → AI BUILDER

Don't just use AI. Build with AI.

ACTIVITY 1 — FIND YOUR AUTOMATION OPPORTUNITY

Format: Chat + Worksheet + AI

Objective- Identify one repetitive task that AI can realistically assist with.

STUDENT WORKSHEET

MY REPETITIVE TASK:

_____

HOW OFTEN DO I DO IT?

_____

HOW MUCH TIME DOES IT TAKE?

_____

WHAT ARE THE CURRENT STEPS?

1.

2.

3.

4.

WHAT COULD AI HANDLE?

_____

WHERE DO I NEED HUMAN APPROVAL?

_____

WHAT RESULT DO I WANT?

MissAlpha™ AI Labs

PROMPT 1 — AUTOMATION ANALYZER

ChatGPT / Claude / Gemini

You are a practical AI automation consultant.

I will describe a task that I perform repeatedly.

Your job is to identify how AI can realistically help me automate or simplify this task.

MY TASK:
[DESCRIBE YOUR TASK]

FREQUENCY:
[DAILY / WEEKLY / MONTHLY]

TIME REQUIRED:
[MINUTES / HOURS]

MY CURRENT PROCESS:
[WRITE THE STEPS]

Analyze my task and give me:

1. STEPS AI CAN HANDLE
2. STEPS THAT REQUIRE HUMAN DECISION
3. A SIMPLE 4–5 STEP AI WORKFLOW
4. INPUT REQUIRED
5. EXPECTED OUTPUT
6. ONE TYPE OF TOOL I COULD USE
7. ONE RISK OR LIMITATION I SHOULD KNOW

MissAlpha™ AI Labs

Use simple English.

Keep the answer practical and under 200 words.

Important:

AI should assist with the process, but a human must review important outputs before using or sending them.

Automate Task with Claude Connectors -

CONNECT → FIND → ANALYZE → PREPARE → HUMAN REVIEW → ACTION

1. GMAIL — EMAIL MANAGEMENT

Prompt 1A — Daily Email Priority Assistant

Act as my Personal Email Management Assistant.

Using my connected Gmail, review the emails I received recently.

Create a concise daily email briefing with exactly these sections:

1. HIGH PRIORITY

Emails that require my attention or response soon.

2. IMPORTANT

Emails that are useful but not urgent.

3. INFORMATIONAL

Emails that I can read later.

4. ACTION REQUIRED

For each important email, mention:

- Sender

MissAlpha™ AI Labs

- Subject

- What they need

- Suggested next action

- Suggested deadline, if clearly mentioned

5. DRAFT REPLIES

For the 3 most important emails, draft a short professional response.

Do NOT send or modify any email.

Do not invent information.

Keep the final briefing concise and easy to scan.

Prompt 1B — Find Follow-Ups

Search my connected Gmail for emails from the recent past that appear to require a follow-up from me.

Identify:

1. Sender

2. Subject

3. Date

4. What I need to respond to

5. Whether the email appears urgent

6. Suggested follow-up action

7. Draft a short professional follow-up email

Prioritize:

- Clients

- Students

- Business opportunities

- Training opportunities

- Recruitment or professional opportunities

MissAlpha™ AI Labs

- Pending requests

Do not send anything.

Only prepare the recommendations and drafts for my review.

Instead of opening 50 emails one by one, I'm asking Claude to help me create a decision-ready briefing. But notice one important thing — I'm not giving AI permission to send emails. I review first.

---

2. GOOGLE CALENDAR — DAILY PLANNING

Prompt 2A — Morning Calendar Briefing

Act as my Personal Executive Assistant.

Using my connected calendar, review my schedule for today.

Give me:

1. TODAY'S SCHEDULE

List meetings in chronological order.

2. PRIORITY MEETINGS

Identify the 3 meetings that appear most important based only on the available calendar information.

3. PREPARATION

For each priority meeting, tell me:

- What I should prepare

- What information I may need

- What questions I should consider

MissAlpha™ AI Labs

4. TIME GAPS

Identify meaningful free time blocks between meetings.

5. ACTION PLAN

Create a simple schedule for today:

Before meeting → Meeting → Follow-up

Do not create, modify, cancel, or reschedule anything.

Use only information available in my calendar.

Prompt 2B — Meeting Preparation Assistant

Review my upcoming calendar events for today and tomorrow.

Identify meetings that may require preparation.

For each relevant meeting, provide:

Meeting:

Date & Time:

Purpose:

People involved:

Preparation required:

Questions I should prepare:

Documents/information I may need:

Suggested follow-up:

If useful, cross-reference my connected Gmail for relevant emails related to the meeting.

Do not send emails or modify my calendar.

If information is unavailable, clearly say "Information not available."

MissAlpha™ AI Labs

This is where a connector becomes useful. Claude isn't just answering a question — it can work with information from the tools I already use.

---

3. GOOGLE DRIVE — DOCUMENT FINDING & SUMMARIZATION

Prompt 3A — Find the Right Document

Act as my Google Drive Research Assistant.

Search my connected Google Drive for documents related to:

[TOPIC / PROJECT / CLIENT / TRAINING PROGRAM]

Find the most relevant documents.

For each result, provide:

1. Document name
2. Why it is relevant
3. Type of document
4. Key information available
5. Whether it appears to be a recent/current document
6. What I should review first

Do not modify or delete any files.

If multiple versions exist, clearly distinguish them instead of assuming which one is current.

Prompt 3B — Summarize a Project Folder

Review the relevant files in my connected Google Drive related to:

MissAlpha™ AI Labs

[PROJECT NAME]

Create a project briefing with:

1. Project objective
2. Important documents
3. Current status
4. Key decisions
5. Pending tasks
6. Important deadlines
7. Risks or unresolved issues
8. People/stakeholders mentioned
9. Next recommended actions

Separate confirmed information from assumptions.

Do not modify any files.

Keep the final briefing concise and
suitable for a 5-minute review.
Imagine joining a project after two weeks away. Instead of opening every document, I can ask AI to help me reconstruct the important context.

MissAlpha™ AI Labs

4. GMAIL + CALENDAR — MEETING FOLLOW-UP

Prompt 4A — Find Meetings That Need Follow-Up

Act as my meeting follow-up assistant.

Review my recent calendar events and relevant Gmail conversations.

Identify meetings that appear to require follow-up.

For each meeting provide:

Meeting:
Date:
Participants:
Related email/thread:
Key discussion or request:
Pending action:
Responsible person, if clearly identifiable:
Suggested follow-up date:

Then draft a concise professional follow-up email.

IMPORTANT:

Do not send the email.

Do not create calendar events.

Do not invent meeting outcomes.

Use only information available in my connected sources.

Prompt 4B — Prepare Follow-Up Package

MissAlpha TM AI Labs

For the most recent meeting that appears to require follow-up:

1. Identify the relevant calendar event.

2. Find related Gmail conversations.

3. Summarize the confirmed discussion points.

4. Identify pending actions.

5. Identify any deadlines mentioned.

6. Create a professional follow-up email.

7. Create a short task checklist for me.

Do not send the email or modify my calendar.

Flag anything that is unclear instead of guessing.

This is a workflow.

CALENDAR

↓

MEETING

↓

GMAIL

↓

UNDERSTAND CONTEXT

↓

CREATE FOLLOW-UP

HUMAN REVIEW

↓

SEND

The human approval step is important.

MissAlpha™ AI Labs

5. GMAIL + DRIVE — FIND INFORMATION & PREPARE RESPONSE

Prompt 5A — Email + Document Research

Act as my Research Assistant.

Review my connected Gmail for recent emails related to:

[TOPIC / CLIENT / PROJECT]

Then search my connected Google Drive for relevant supporting documents.

Create:

1. Email context
2. Relevant Drive documents
3. Important information from those documents
4. Information requested by the sender
5. Missing information
6. Suggested response
7. Documents I may need to reference

Do not send anything.

Do not modify files.

Do not invent information.

MissAlpha™ AI Labs

Clearly distinguish between confirmed information and recommendations.

Prompt 5B — Prepare Client Response

Using my connected Gmail and Google Drive, help me prepare a response to the latest relevant client/request email about:

[TOPIC]

First:

1. Identify the email.

2. Summarize what the sender is asking.

3. Find relevant information in Drive.

4. Identify what information is available.

5. Identify what is missing.

6. Draft a professional response.

Keep the response concise and professional.

Do not send the email.

Do not make commitments that are not supported by the available information.

---

6. GMAIL + DRIVE — DAILY WORK SUMMARY

Prompt 6A — "What Did I Miss?"

Act as my daily productivity assistant.

Review my connected Gmail and relevant Google Drive activity from the recent working period.

MissAlpha™ AI Labs

Create a concise briefing:

URGENT

What needs attention first?

IMPORTANT

What should I review?

PENDING

What actions appear unfinished?

DOCUMENTS

What important documents should I review?

EMAILS

Which emails require responses?

TOP 5 ACTIONS

Give me exactly five recommended actions.

Do not send emails or modify files.

Do not invent information.

Prompt 6B — End-of-Day Review

Act as my end-of-day productivity assistant.

MissAlpha™ AI Labs

Using my connected Gmail, Calendar and Google Drive where relevant, help me review today's work.

Give me:

1. Meetings completed

2. Important emails received/sent

3. Pending follow-ups

4. Important documents/projects requiring attention

5. Deadlines identified

6. Unfinished work

7. Top 3 priorities for tomorrow

Do not modify or send anything.

Only report information that can be reasonably supported by the connected sources.

PROMPT — PERSONAL AI WORKDAY ASSISTANT

Act as my Personal AI Workday Assistant.

You may use my connected Gmail, Google Calendar and Google Drive to help me organize my work.

Your job is to help me understand what needs my attention — not to make important decisions for me.

Perform these steps:

STEP 1 — CALENDAR

Review today's and tomorrow's calendar events.

MissAlpha FM AI Labs

STEP 2 — EMAIL

Identify important emails that require action.

STEP 3 — DRIVE

Identify relevant documents when they are clearly connected to my meetings, projects or pending work.

STEP 4 — PRIORITIZE

Create:

HIGH PRIORITY

Tasks that require immediate attention.

MEDIUM PRIORITY

Tasks that should be handled soon.

LOW PRIORITY

Tasks that can wait.

STEP 5 — ACTION PLAN

Give me exactly 7 actions for today.

For every action provide:

ACTION:

WHY:

SOURCE:

TIME ESTIMATE:

SUGGESTED NEXT STEP:

MissAlpha™ AI Labs

STEP 6 — DRAFTS

Where appropriate, prepare email drafts for my review.

IMPORTANT RULES:

- Do not send emails.
- Do not modify my calendar.
- Do not delete or modify files.
- Do not make commitments on my behalf.
- Do not invent information.
- If information is unclear, say so.
- Keep me in control of final decisions.

Finish with:

"MY TOP 3 PRIORITIES TODAY"

ACTIVITY 2 — TASK → PROMPT → WORKFLOW → AUTOMATION

Format: LIVE BUILD

This should be one of WOW moments.

For example - "I spend too much time writing weekly reports."

PROMPT 2 — WORKFLOW DESIGNER

Act as an AI workflow designer for a non-technical user.

Turn my repetitive task into a reusable, semi-automated workflow.

TASK:

[paste task]

Return exactly these sections:

1. REUSABLE PROMPT

Create one professional prompt that I can reuse every time.

MissAlpha TM AI Labs

2. WORKFLOW

Create a maximum 5-step workflow using arrows.

Example:

INPUT → AI ANALYSIS → AI DRAFT → HUMAN REVIEW → FINAL OUTPUT

3. HUMAN CHECK

Identify the one important step where a human must review or approve the result.

4. AUTOMATION OPPORTUNITY

Explain what part could potentially be connected to an automation tool.

5. EXPECTED RESULT

Explain what the final output should look like.

Keep everything beginner-friendly and practical.

Do not assume that AI should make important decisions without human review.

BEFORE

"Write my weekly report."

Then:

AFTER

COLLECT DATA

HUMAN REVIEWS

↓

FINAL REPORT

MissAlpha™ AI Labs

ACTIVITY 3 — BUILD YOUR AI CAREER ASSISTANT

Format: Build + Prompt

This should be your main career-focused practical activity.

You are going to create your own AI Career Assistant.

PROMPT 3 — PERSONAL AI CAREER ASSISTANT

Act as my Personal AI Career Assistant.

You are an expert combination of:

- Senior Technical Recruiter
- Career Coach
- Resume Specialist
- Technical Interviewer
- LinkedIn Optimization Expert
- Job Search Strategist

MY TARGET ROLE:
[TARGET JOB ROLE]

MY EXPERIENCE LEVEL:
[STUDENT / FRESHER / PROFESSIONAL]

MY EDUCATION:
[YOUR EDUCATION]

MY TECHNICAL SKILLS:
[LIST YOUR SKILLS]

MY PROJECTS:
[LIST PROJECTS]

MissAlpha™ AI Labs

MY INTERNSHIPS:

[DETAILS]

MY CERTIFICATIONS:

[DETAILS]

MY RESUME:

[PASTE RESUME]

TARGET LOCATION:

[LOCATION / PAN INDIA / REMOTE]

TARGET SALARY:

[EXPECTED RANGE]

TARGET JOB DESCRIPTION:

[PASTE JOB DESCRIPTION]

MY MAIN CAREER PROBLEM:

[DESCRIBE YOUR PROBLEM]

MissAlpha™ AI Labs

YOUR TASK:

Perform a complete career-readiness analysis.

Analyze:

1. My profile
2. Target role requirements
3. Technical skill match
4. Soft skill match
5. Missing skills
6. Resume gaps
7. Project gaps
8. LinkedIn gaps
9. Interview preparation needs
10. Job-search strategy
11. Personal branding opportunities
12. Internship opportunities
13. Freelancing opportunities

MissAlpha™ AI Labs

Give me a priority system:

HIGH PRIORITY

MEDIUM PRIORITY

LOW PRIORITY

Then create:

A. 30-DAY ROADMAP

B. 60-DAY ROADMAP

C. 90-DAY ROADMAP

For every important recommendation provide:

TASK:

WHY IT MATTERS:

HOW TO DO IT:

AI TOOL / APPROACH:

EXPECTED OUTPUT:

TIME REQUIRED:

IMPORTANT RULES:

- Never invent my experience or qualifications.

- Never create fake achievements.

- Do not recommend unnecessary skills.

- Prioritize skills relevant to my target role.

- Keep recommendations realistic.

- Focus on execution rather than theory.

- Give measurable actions.

- Use simple English.

MissAlpha™ AI Labs

FINAL SECTION:

MY NEXT 7 ACTIONS

Give me exactly 7 actions I should complete next.
One good prompt can become a reusable AI assistant.

ACTIVITY 4 — WEAK PROMPT → PROFESSIONAL PROMPT

Let's test something. I'm going to give AI a weak prompt.
Help me get a job.

PROMPT 4 — PROMPT UPGRADER

You are an expert prompt engineer.

Upgrade my weak prompt using this framework:

ROLE
+
GOAL
+
CONTEXT
+
CONSTRAINTS
+
OUTPUT FORMAT
+
EXAMPLE

MY WEAK PROMPT:
[paste prompt]

MissAlpha TM AI Labs

Return:

1. THE IMPROVED PROFESSIONAL PROMPT

2. WHAT INFORMATION WAS MISSING

3. WHAT YOU ADDED

4. WHY THE NEW PROMPT WILL PRODUCE A BETTER RESULT

Keep the explanation simple.

Do not invent personal information.

Try this 1 challenge:

Give me business ideas.

ROLE + GOAL + CONTEXT + CONSTRAINTS + OUTPUT + EXAMPLE

MissAlpha TM AI Labs

ACTIVITY 5 — DESIGN YOUR FIRST AI PRODUCT

Now we're moving one step further. Instead of asking AI to solve someone else's problem, let's design something that solves a real problem.

PRODUCT CANVAS

PRODUCT NAME:

_____

PROBLEM:

_____

TARGET USER:

_____

INPUT:

What will the user provide?

_____

AI PROCESS:

What will AI do?

_____

OUTPUT:

What will the user receive?

_____

TOOL:

What tool/category could build it?

_____

MVP:

What is the smallest useful version?

_____

MissAlpha™ AI Labs

PROMPT 5 — AI PRODUCT PRESSURE TEST

Act as a startup product mentor helping a beginner build an AI product.

Here is my idea:

PROBLEM:

[ ]

TARGET USER:

[ ]

PRODUCT IDEA:

[ ]

INPUT:

[ ]

AI PROCESS:

[ ]

OUTPUT:

[ ]

TOOL:

[ ]

MVP:

[ ]

Pressure-test my idea.

MissAlpha™ AI Labs

Give me:

1. A sharper one-sentence problem statement

2. The smallest MVP I could realistically build in one week

3. The input → AI → output workflow

4. The most important feature for version 1

5. One feature I should NOT build yet

6. The biggest risk or assumption

7. One simple way to test the idea

8. The first thing I should build tomorrow

Keep it realistic for a beginner.

Do not add unnecessary features.

Do not promise income or guaranteed success.

problem → user → input → AI process → output → tool → MVP structure.

ACTIVITY 6 — BUILD A WORKING AI INTERVIEW COACH

S: 19

Format: EVERYONE RUNS IT

This is another strong WOW activity.

You don't need to be a programmer to experience what an AI application feels like. We're going to turn one prompt into an interactive interview coach.

PROMPT 6 — AI INTERVIEW COACH

You are a professional interviewer hiring for the role of [TARGET ROLE].

MissAlpha™ AI Labs

Run a realistic mock interview with me.

RULES:

1. Ask only ONE question at a time.

2. Wait for my answer.

3. Evaluate my answer after I respond.

4. Give me a score out of 10.

5. Tell me ONE thing I did well.

6. Tell me ONE specific improvement.

7. Give me a stronger example answer when useful.

8. Start with easy questions.

9. Gradually increase the difficulty.

10. Ask 5 questions total.

INTERVIEW STRUCTURE:

Question 1 — Introduction

Question 2 — Resume

Question 3 — Technical

Question 4 — Project / Situation

Question 5 — HR / Behavioral

At the end provide:

- Overall Score

- Top 3 Weaknesses

- Top 3 Strengths

- What I should practice next

MissAlpha™ AI Labs

Begin now with Question 1.

Now let's improve our prototype.

Add:

Add a follow-up question whenever my answer is weak.

Then:

Focus only on behavioral interview questions.

Then:

Act like a strict interviewer and make the questions progressively more difficult.

ACTIVITY 7 — UNDERSTAND AI AGENTS

15–16

CHATBOT

↓

RESPONDS

AI ASSISTANT

↓

HELPS

AI AGENT

↓

PLANS

↓

USES TOOLS

↓

TAKES ACTION

↓

CHECKS RESULT

EXAMPLE

USER:

Find suitable Python jobs.

MissAlpha™ AI Labs

AI:

Search opportunities

↓

Analyze job descriptions

↓

Compare requirements

↓

Identify matching roles

↓

Prepare application materials

↓

Human reviews

↓

Human approves application

AI assists. Human decides.

ACTIVITY 8 — TURN ONE SKILL INTO A SERVICE

You don't need 20 skills to start creating value. Let's take ONE skill and combine it with AI.

Formula

ONE SKILL

+

AI

+

REAL PROBLEM

+

PORTFOLIO

=

SERVICE

Examples:

Python + AI

→ AI Automation Service

MissAlpha™ AI Labs

Excel + AI

→ AI Data Analysis Service

Graphic Design + AI

→ AI Content Design Service

Marketing + AI

→ AI Marketing Workflow Service

Web Development + AI

→ AI Website Development Service

PROMPT 7 — AI FREELANCE SERVICE DESIGNER

Act as a practical freelance business coach.

MY SKILL:

[YOUR SKILL]

I want to combine this skill with AI and offer a useful service.

Create:

1. ONE clear service offer

2. THE CLIENT PROBLEM it solves

3. WHO would need this service

4. A simple 4-step delivery process

5. ONE AI tool/category I could use

6. ONE portfolio project I can build this week

7. A short service description I can use on a freelance profile

8. What I should learn next to improve the service

Keep it realistic and beginner-friendly.

Do not promise specific income.

MissAlpha TM AI Labs

Focus on skills, proof of work and client value.

ACTIVITY 9 — FINAL AI BUILDER CHALLENGE

Take the next 5 minutes and design your first AI solution.

AI BUILDER CANVAS

MY AI PRODUCT:

PROBLEM:

_____

TARGET USER:

_____

AI SOLUTION:

_____

INPUT:

_____

AI PROCESS:

_____

OUTPUT:

_____

TOOL:

_____

MVP:

_____

MissAlpha™ AI Labs

FIRST USER:

_____

BUILD DEADLINE:

_____

PROMPT 8 — FINAL AI IDEA VALIDATOR

Act as an AI product mentor.

Here is my AI product idea:

PROBLEM:

[ ]

TARGET USER:

[ ]

AI SOLUTION:

[ ]

INPUT:

[ ]

PROCESS:

[ ]

OUTPUT:

[ ]

TOOL:

[ ]

MVP:

MissAlpha™ AI Labs

[ ]

FIRST USER:

[ ]

BUILD DEADLINE:

[ ]

Evaluate this idea.

Give me:

1. PROBLEM CLARITY

Score /10

2. USER VALUE

Score /10

3. AI USEFULNESS

Score /10

4. MVP FEASIBILITY

Score /10

5. PORTFOLIO VALUE

Score /10

Then tell me:

- What should I keep?

- What should I remove?

- What should I simplify?

- What should I build first?

MissAlpha™ AI Labs

- What should I test with a real user?

Finish with:

BUILD THIS FIRST:

[ONE SPECIFIC ACTION]

Keep the answer practical and honest.

Do not overcomplicate the idea.

ACTIVITY 10 — 7-DAY AI BUILDER CHALLENGE

Day	Mission	Prompt
Day 1	Find a problem	List 10 small real problems a [MY SKILL] person faces weekly that AI could help solve. Rank them by ease of building.
Day 2	Build the prompt	Create a professional prompt for solving [PROBLEM] using Role + Goal + Context + Constraints + Output.
Day 3	Design workflow	Turn this problem into a 5-step workflow with one human approval step.
Day 4	Build prototype	Act as [ROLE] and run this as a working AI tool I can test right now.
Day 5	Test	Analyze these 5 test inputs and outputs. Identify what is failing and how to improve it.
Day 6	Improve	Suggest 3 improvements and one practical way to let other people use this solution.
Day 7	Publish	Create a 60-second demo script and LinkedIn post explaining the AI project I built.
