CONTENTS

Practical AI prompts for work, learning, communication, and career growth.

- Prompt 1 — Daily Priority Planner (chatgpt)
- Prompt 2 — Meeting-to-Action Converter (claude)
- Prompt 3 — Difficult Email/Message Helper (chatgpt)
- Prompt 4 — Skill Gap & Learning Plan (claude)
- Prompt 5 — Instant Presentation Outline (best on Gamma — paste directly to generate slides)

🎓 FOR COLLEGE STUDENTS

Prompts designed for college learning, assignments, concept understanding, interviews, and group projects.

- Prompt 1 — Instant Study Guide - ChatGPT or Gemini (Gemini is a great pick if your notes already live in Google Docs)
- Prompt 2 — Assignment/Essay Structuring Help
- Prompt 3 — Concept Explainer (Any Difficulty Level)
- Prompt 4 — Resume & Interview Prep
- Prompt 5 — Group Project Planner (great on Gamma for the actual presentation deck)

MissAlpha_AI_Lab

Daily Priority Planner (chatgpt)

I am a [YOUR ROLE] working on [YOUR CURRENT PROJECT/RESPONSIBILITY].

Act as a productivity coach.

Here are today's tasks: [LIST 5-6 TASKS].

Please:

- 1. Rank these by priority (urgent vs important)
- 2. Suggest a realistic time block for each
- 3. Flag anything that could be delegated or delayed
- 4. Give me one tip to avoid distraction today

Format as a simple table. Keep tone practical, no fluff.

Example-

I am Aman Verma, working as a Social Media Manager & Student Support Executive at MissAlpha™ AI Labs.

Act as an expert productivity coach.

Here are today's tasks:

- Design an Instagram carousel for today's AI post
- Reply to student WhatsApp and Instagram queries
- Schedule social media content for the next 3 days
- Update student enrollment records in Google Sheets
- Coordinate with the trainer for today's masterclass
- Create and send completion certificates to eligible students

Please:

- 1. Rank these tasks by priority (Urgent vs Important)
- 2. Suggest a realistic time block for each task
- 3. Identify anything that can be delegated or postponed
- 4. Give me one practical productivity tip to avoid distractions today

Present everything in a clean table with actionable recommendations.

PROMPT 02 / MISSALPHA_AILAB

Meeting-to-Action Converter (claude)

I am a [YOUR ROLE]. Act as an executive assistant.

Here are my raw meeting notes: [PASTE NOTES].

Please convert this into:

- 1. A 3-line summary of what was discussed
- 2. A clear action items list with owner names (if mentioned)
- 3. Any decisions that were made
- 4. Open questions still unresolved

Format as headed sections, not one paragraph.

Example -

I am Aman Verma, Social Media Manager & Student Support at MissAlpha™ AI Labs.

Act as an executive assistant.

Below are my meeting notes:

[Paste your meeting notes here.]

Please convert them into:

- Executive Summary (3 concise lines)
- Action Items (mention owner names wherever available)
- Decisions Taken
- Pending Questions / Follow-ups

Format everything using clear headings and bullet points for quick review.

MissAlpha_AI_Lab

Difficult Email/Message Helper (chatgpt)

I need to write a [FIRM / APOLOGETIC / FOLLOW-UP] message to [WHO — e.g., my manager, a client, a vendor].

Context: [WHAT HAPPENED, 2-3 LINES].

My goal is to: [E.G., ASK FOR A DEADLINE EXTENSION / ADDRESS A MISTAKE / PUSH BACK POLITELY].

Please write it in a [FORMAL / FRIENDLY / CONFIDENT] tone, under 120 words, ready to send with minimal edits.

Example-

I am Aman Verma, Social Media Manager & Student Support at MissAlpha™ AI Labs.

I need to write a [Firm / Apologetic / Follow-up] message to [Student / Client / Trainer / Team Member].

Context:

[Briefly explain what happened.]

My objective is:

[Request deadline extension / Resolve complaint / Follow-up on payment / Request documents / Clarify issue.]

Write the message in a [Formal / Friendly / Professional / Confident] tone.

Requirements:

- Under 120 words
- Ready to send
- Clear and respectful
- Solution-oriented

MissAlpha_AI_Lab

Skill Gap & Learning Plan (claude)

Act as a career coach.

I am a [YOUR CURRENT ROLE] and I want to move toward [TARGET ROLE/GOAL] in the next [TIMEFRAME].

Please:

- 1. List the 5 most important skills I'm missing
- 2. Suggest one free or low-cost resource for each
- 3. Give me a realistic weekly time commitment
- 4. Suggest one project I could build to prove this skill

Format as a step-by-step roadmap.

Example-

Act as an experienced career coach.

I am Aman Verma, currently working as a Social Media Manager & Student Support Executive at MissAlpha™ AI Labs.

My goal is to become an AI Marketing & Community Growth Manager within the next 12 months.

Please provide:

- 1. The five most important skills I need to develop
- 2. One free or affordable learning resource for each skill
- 3. A realistic weekly learning schedule
- 4. One practical project for every skill that I can add to my portfolio

Present the response as a step-by-step roadmap with milestones.

MissAlpha_AI_Lab

PROMPT 05 / MISSALPHA_AILAB

Instant Presentation Outline (best on Gamma — paste directly to generate slides)

Create a presentation outline on [YOUR TOPIC] for an audience of [WHO — e.g., senior management, new clients, my team].

Include:

- 1. A strong opening hook slide
- 2. 5-6 core content slides with one key point each
- 3. One slide with data/stats if relevant
- 4. A clear closing/CTA slide

Tone: [FORMAL / PERSUASIVE / INFORMATIVE]. Keep each slide to 3-4 bullet points max.

Example-

Create a professional presentation outline on:

"How AI is Transforming Social Media Marketing and Student Engagement"

Audience:

Marketing interns, campus ambassadors and college students.

Include:

- Attention-grabbing opening slide
- 6 core content slides
- One slide with industry statistics and trends
- Real-life case studies
- Practical AI tools demonstration slide
- Closing slide with Call-to-Action

Tone:

Professional, engaging and informative.

Keep every slide limited to 3–4 concise bullet points.

MissAlpha_AI_Lab

PROMPT 06 / MISSALPHA_AILAB

Instant Study Guide - ChatGPT or Gemini (Gemini is a great pick if your notes already live in Google Docs)

I am a student preparing for an exam on [YOUR SUBJECT/TOPIC].

Please create a study guide including:

- 1. The 5 most important concepts I need to know
- 2. A simple explanation of each, in plain language
- 3. 3 practice quiz questions with answers at the end
- 4. One real-world example for each concept, to help me remember

Add my course level: [e.g., BCA 2nd year] for more targeted results.

Example -

I am a BCA 2nd Year student preparing for my examination on Python Programming.

Please create a complete study guide including:

- Five most important concepts
- Easy-to-understand explanations
- Three practice MCQs with answers
- One real-world example for every concept
- Quick revision notes
- Last-minute exam tips

Keep explanations beginner-friendly.

PROMPT 07 / MISSALPHA_AILAB

Assignment/Essay Structuring Help

Claude (Best at giving you structure and guidance without writing the whole thing for you)

I am writing an assignment on [TOPIC] for my [SUBJECT] class.

Act as a writing mentor — do NOT write the full essay for me.

Please:

- 1. Suggest a clear structure (introduction, 3 body sections, conclusion)
- 2. Give me 2-3 key points I should cover in each section
- 3. Suggest one strong opening line idea
- 4. List 2 things students commonly get wrong in essays on this topic

Example -

I am writing an assignment on "Artificial Intelligence in Education" for my Computer Science subject.

Act as an academic writing mentor.

Do NOT write the assignment.

Instead provide:

- Introduction outline
- Three body sections with key discussion points
- Conclusion structure
- One strong opening statement
- Common mistakes students make
- Tips to score higher marks

Use a structured format.

MissAlpha_AI_Lab

PROMPT 08 / MISSALPHA_AILAB

Concept Explainer (Any Difficulty Level)

ChatGPT (Excellent at building simple, layered analogies)

Explain [CONCEPT/TOPIC] to me like I'm a [10-year-old / complete beginner / final-year student — pick one].

Then:

- 1. Give me 3 real-life examples
- 2. Give me one simple analogy I can remember it by
- 3. Ask me one question at the end to check if I understood it

Example -

Explain the concept of Large Language Models (LLMs) as if I am a complete beginner.

Then:

- Give three real-world examples
- Explain using one simple analogy
- Mention common misconceptions
- Ask me one question at the end to test my understanding

Keep the explanation simple and engaging.

MissAlpha_AI_Lab

PROMPT 09 / MISSALPHA_AILAB

Resume & Interview Prep

ChatGPT or Claude (Both write natural, professional-sounding drafts — try either and compare)

I am a [YOUR YEAR/COURSE] student applying for [ROLE/INTERNSHIP TYPE].

Here is my current experience: [LIST SKILLS/PROJECTS/INTERNSHIPS].

Please:

- 1. Suggest 3 bullet points to strengthen my resume for this role
- 2. Give me 5 likely interview questions for this role
- 3. Give me a strong sample answer for the toughest one

Keep language simple and confident, not overly formal.

Example -

I am a Final Year BCA student applying for an AI Internship.

My experience includes:

- Python Programming
- HTML, CSS, JavaScript
- SQL
- Power BI
- Social Media Management
- AI Tools (ChatGPT, Gemini, Claude, Canva AI)

Please:

- Suggest three strong resume bullet points
- Give five interview questions likely to be asked
- Provide one detailed sample answer for the most difficult interview question

Keep the language professional yet easy to understand.

MissAlpha_AI_Lab

PROMPT 10 / MISSALPHA_AILAB

Group Project Planner (great on Gamma for the actual presentation deck)

My group is working on a project about [TOPIC] for [SUBJECT/COURSE].

There are [NUMBER] of us.

Please:

- 1. Break the project into clear sub-tasks
- 2. Suggest how to divide tasks fairly among [NUMBER] people
- 3. Suggest a simple timeline with 3-4 milestones
- 4. Suggest a presentation structure for our final submission

Example -

My group is developing an AI-Powered Student Attendance Management System for our Final Year Project.

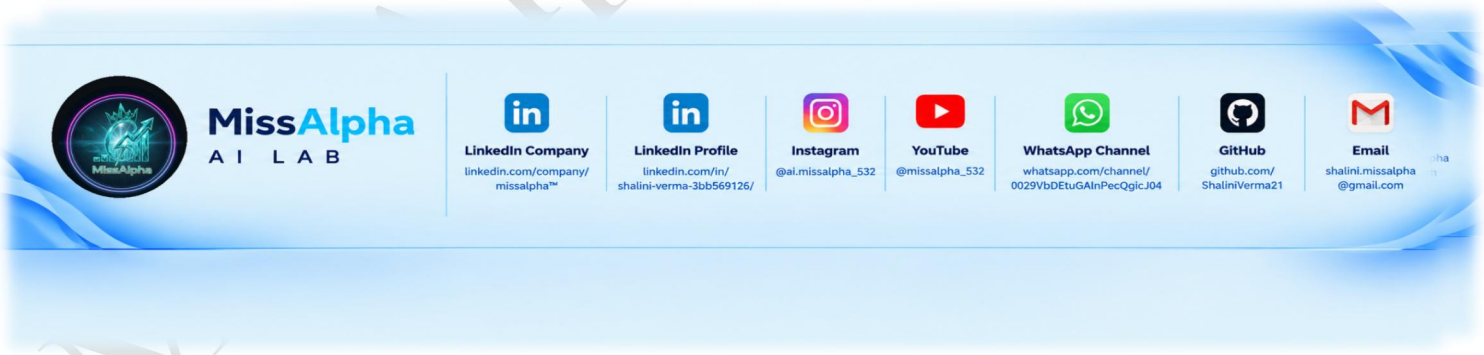

There are four members.

Please:

- Break the project into logical modules
- Divide responsibilities fairly among all four members
- Suggest a four-week implementation timeline
- Recommend milestones
- Create a presentation structure for the final viva
- Suggest demo ideas that will impress the examiners

Present everything in an easy-to-follow project plan.
